RECOMMENDATIONS

Avoid shopping in person if you have symptoms of COVID-19, have recently been exposed to COVID-19, or tested positive for COVID-19 in the past 14 days.

Before entering a store, wear a cloth face covering that covers your nose and mouth and use hand sanitizer.

Try to only touch the products you plan to purchase.

If possible, use contactless payment options. Pay without touching money, a card, or a keypad.

If you are using a shopping cart or basket, disinfect with wipes if available.

Use marked entry and exit points and follow any directional signs or floor markings to maintain six feet of distance between you and other shoppers.
